Viet Red Shellings Rise In Action Over Weekend

SAIGON (AP) — The Viet Cong and North Vietnamese made their heaviest rocket and mortar attacks in more than a month over the weekend, shelling 72 allied bases and towns, the U.S. Command said today.

Thirty-one of the 72 attacks reported between 8 a.m. Saturday and 8 a.m. Monday caused casualties and damage, headquarters said. Fifteen of the attacks were against U.S. units or installations.

The U.S. Command said 19 Americans were wounded.

Incomplete reports said six Vietnamese were killed and about 35 were wounded.

The attacks were the heaviest since Sept. 12-13, when a total of 86 shellings were reported.

Official sources said the enemy level of activity has been higher in recent weeks than during previous lull periods this year, although the number of American battlefield deaths is down. But they added that significant enemy ground attacks are still very few.

"Small unit contacts are staying up well above the 40s," said one source. "Last week they averaged 49 a day and the week before 55 a day. During previous lull periods in August they were down around an average of 40 a day."

American forces killed 53 enemy troops in four clashes northwest of Saigon with no U.S. losses, headquarters said.

But American infantrymen were dealt a setback shortly before midnight Sunday when North Vietnamese troops attacked them 75 miles south-

southeast of Da Nang. Four Americans were killed and 15 wounded under a rain of mortar and rifle fire. Enemy losses were not known.

South Vietnamese troops reported killing 30 Viet Cong in two fights in the Mekong Delta. Government casualties were reported light.

American B52 bombers made another series of heavy attacks on enemy bases and staging areas. Some 40 of the big bombers dropped more than 1,000 tons of explosives on targets ranging from 66 miles northwest of Saigon to the Central High-

lands 225 miles northeast of the capital.

The withdrawal of 35,000 American troops continued as another 1,700 Marines from the 3rd Division boarded the troopship Iwo Jima. They are scheduled to arrive in San Diego Oct. 30.

A total of 3,900 3rd Division Marines sailed from Da Nang Sunday and today.

The Army also announced that the 295th OD (Ammunition) Company from Hastings, Neb., and the 107th Signal Company, a National Guard unit from Rhode Island, will leave Tuesday.

Illegal Gun Sales Charged In Probe Of Army Grafters

WASHINGTON (AP) — Maj. Gen. Carl C. Turner used his position as the Army's provost marshal general to obtain hundreds of firearms from the police departments of Chicago and Kansas City and sold many of them privately, a Senate investigator testified today.

Philip R. Manuel, a staff investigator for the Senate's investigations subcommittee, said Turner told the committee he wanted the weapons for Army training and for display in the military police museum.

Manuel said many of these handguns, shotguns and rifles and others, which he said Turner obtained from Ft. Bliss, Tex., were sold by the general to a North Carolina gun dealer.

Turner, who is now retired from the Army, has been mentioned frequently in testimony involving allegations he covered up evidence against Sgt. Maj. William O. Woodruff, once sergeant major of the Army. Turner is expected to testify Tuesday.

In the second week before the Senate investigating subcommittee, Army witnesses are expected to detail more about the double life they said was led by Woodruff.

These are a few of the allegations so far made in the Senate testimony:

—Woodruff was a leader of a multi-million-dollar criminal conspiracy of top-ranking enlisted men who schemed to systematically loot funds, equipment, food and liquor from NCO clubs in Germany, the United States and Vietnam.

—That the alleged scheme grossed \$350,000 annually in raffle proceeds from slot machine proceeds in the clubs of the 24th Infantry Division in the Augsburg-Munich area of Germany.

—That Woodruff used his rank, connections and influence to promote his friends, and to protect the alleged conspiracy from exposure.

—That at a secret conclave at Ft. Benning, Ga., Woodruff, the clique of sergeants and a retired major general met to plan a scheme to manipulate U.S. and Vietnamese currency and to direct the investment of illicit funds skimmed from the clubs.

—That some of the sergeants formed their own firm—the Meredem Corp.—to sell equipment and goods to the clubs.

Indian Policy Announcement Set This Week

WASHINGTON (AP) — The Nixon administration plans to unveil this week its long-awaited Indian policy, promising continued federal protection while promoting greater freedom for American Indians to manage their own affairs.

Details were kept under tight wraps so they could be revealed first to the National Congress of American Indians, meeting this week at Albuquerque, N.M.

Vice President Spiro T. Agnew and Interior Secretary Walter J. Hickel, speak Wednesday, while Indian Affairs Commissioner Louis R. Bruce addresses the conference Thursday. They are expected to emphasize that the administration rejects the "termination" policy expressed in a 1953 congressional resolution, which aimed at ending federal trusteeship over reservations.

They also are expected to emphasize a greater role for Indians in determining the programs that affect their lives.

Along these lines, some administration sources think the Albuquerque convention may be the platform for announcement of the creation of an Indian Advisory Committee, as pledged by Hickel in August.

It might be the occasion, as well, for announcement of plans also promised in August—to organize the Bureau of Indian Affairs.

Interior officials have considered a task force to draw up reorganization plans, but that step might be bypassed for more direct action. They want to simplify bureau structure and make it more flexible.

At least one high-ranking official is thinking of reducing the number of area offices, and insulating the bureau's education from raids by area directors for other purposes.

Future Indian education policy has not yet been fully developed, but an authoritative source said it would seek greater involvement of the tribes in running the federal schools on their reservations.

Claim Jackie Used Judo

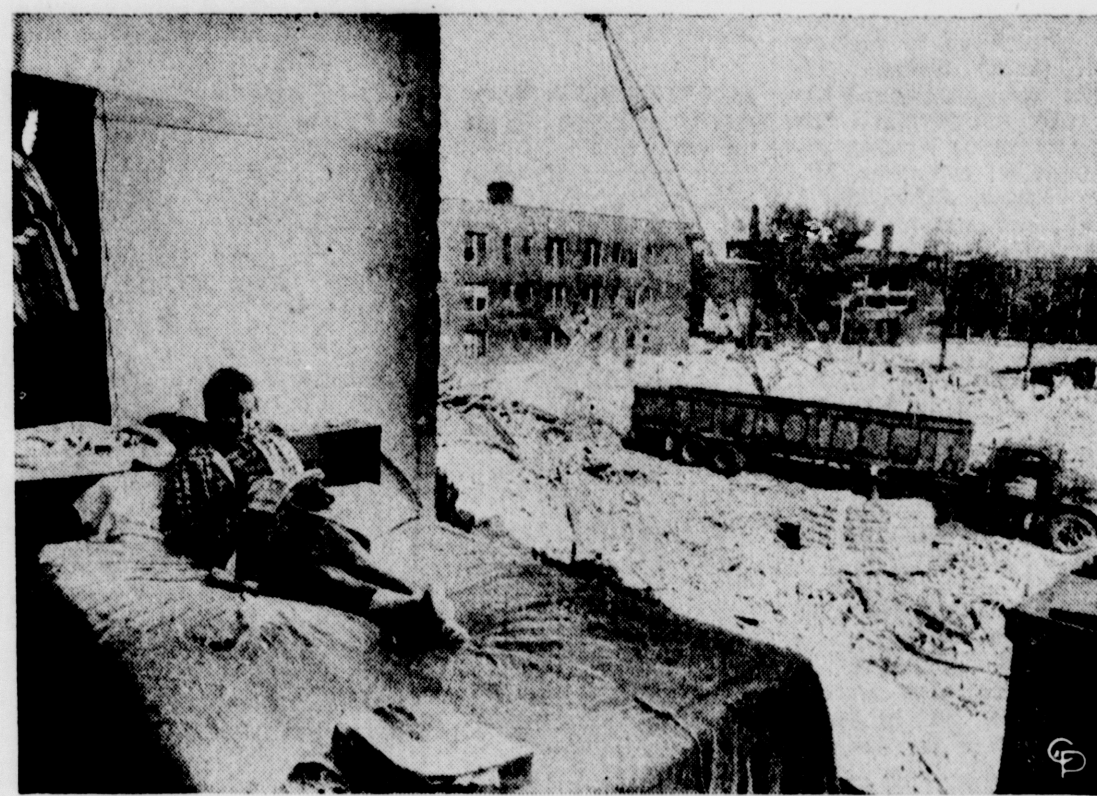

NEW YORK (AP) — A newspaper photographer says Jacqueline Onassis flipped him to the sidewalk with a judo hold after he took her picture outside the movie theater showing "I Am Curious (Yellow)," the Swedish sex film.

Mel Finkelstein of the New York Daily News said Sunday night that Mrs. Onassis "grabbed my right wrist... put her leg out and flipped me over her thigh."

But the doorman of Cinema 57 Rendezvous on West 57th Street said Finkelstein slipped while taking a picture of the former Mrs. John F. Kennedy.

Neither Mrs. Onassis nor a family spokesman could be reached for comment.

Finkelstein and other photographers were waiting in the lobby of the theater because the management had notified the news media that Mrs. Onassis and her husband, Aristotle, were viewing the film, after arriving in separate cars.

OOPS! WRONG WALL — Mrs. Barbara Pearson lounges on her bed waiting for workmen to put up a temporary wall after they ripped it off by mistake in Chicago. She was sitting in the room watching TV as her children ate lunch. Suddenly, a crashing noise. She looked — there was all outdoors. A temporary wall was put up later.

Supreme Court Opens Meet With 9th Chair Still Vacant

WASHINGTON (AP) — The Supreme Court opens a busy term today with a new chief justice while a fight rages in the Senate over the man picked to fill the vacant chair to his extreme left.

The new chief, Warren E. Burger, and seven holdover justices face decisions on such controversial matters as churches' tax exemptions, use of the death penalty, the priority drafting of war protesters and the rights of Negroes and the underprivileged.

But following tradition, the opening session is brief and really with little substance. About 75 lawyers are admitted to practice and Burger and his colleagues adjourn to a week-long series of private conferences on about 600 appeals that have piled up since last Spring.

The first round of decisions—hundreds of them—will be announced next Monday.

Figuratively at least, the justices are looking over their shoulders to the Senate where President Nixon's nomination of Judge Clement F. Haynsworth is in serious trouble.

Haynsworth, picked by Nixon and Atty. Gen. John N. Mitchell in August to succeed Abe Fortas, has run into rigid opposition from labor, liberal and civil rights groups. Some of them have accused the federal appeals court judge of unethical judicial behavior, an allegation that takes on deeper meaning since it was an ethics flap that brought about Fortas' resignation last May.

The Senate Judiciary Committee meets Wednesday, possibly for an initial vote. The nomination appears to have the support of most conservative Republicans and Democrats, but liberals and moderates have been asserting their opposition in growing numbers.

Whatever happens, it is undoubted that the court will have to operate with a vacancy for at least several weeks.

Burger, 62, is the 15th man to occupy the center chair in the Court's 179 year history. He takes over for Earl Warren, who was chief justice for 15 years.

Two of the holdover justices, Hugo L. Black and William O. Douglas, are veterans of more than 30 years on the Court. Black, at 83, has served 32 years. Douglas, 71 on Oct. 16, is in his 31st year.

The holdovers are John Marshall Harlan, 70; William J. Brennan Jr., 63; Potter Stewart, 54; Byron R. White, 52; and Thurgood Marshall, 61.

Wants Some To Remain Just In Case

SAIGON (AP) — President Nguyen Van Thieu said today the Vietnamese people "are determined to replace the bulk of the U.S. fighting units in 1970." But he added that all American troops cannot be withdrawn as long as North Vietnamese forces remain in South Vietnam.

In a major policy speech to a joint session of South Vietnam's National Assembly and Senate, Thieu also said he thought that allied forces should remain in Vietnam as long as aggression threatens Southeast Asia.

As Thieu spoke in Saigon, another 1,700 U.S. Marines from the 3rd Division boarded a troopship in Da Nang to sail for the United States, part of the 351,000 American troops being withdrawn before Dec. 15. Their departure leaves 484,000 American troops in Vietnam.

"We, the Vietnamese people, are determined to replace the bulk of the U.S. fighting units in 1970," the president said in the official English translation of his speech.

"The most important thing is that the Free World and, first of all, the U.S. ally, should not let Vietnam fall into the Communists' hands. And as long as the Communist aggressors from the North still remain on the territory of the Republic of Vietnam, the allied forces cannot withdraw from the Vietnamese territory."

"As long as peace with guarantees has not yet been restored in Vietnam and a new Communist aggression is still threatening this part of the world, I think that under whatever firm, the Free World forces should remain on this land."

Thieu spoke for an hour and 18 minutes, the longest public speech he has made since he came to power.

He emphasized that he remains willing to negotiate an "acceptable" peace while determined to avoid a coalition government or surrender to the Communists.

He asked for increased American military and financial assistance to enable his government to shoulder more of the burdens of the war.

He outlined a series of domestic programs to strengthen the army, improve such services as education and reform government administration.

Bomb Explodes In Jewish Town; Arabs Arrested

TEL AVIV (AP) — A bomb packed in a box of fruit and placed beneath a parked truck exploded in a crowded market in the town of Afula today, killing a man in the truck cab and injuring 23 others, police said.

Several of the injured, including women, children and Arabs, were reported in serious condition.

Police rounded up about 100 Arabs for questioning.

Sources said the charge, which weighed between four and eight pounds, rocked the market area jammed with about 500 Arabs and Jews shopping or bringing in produce on one of the biggest shopping days of the week.

Afula is in the West Bank sector of Jordan which Israel occupied in the 1967 war. It is 20 miles southwest of the Sea of Galilee and about eight miles south of the Biblical city of Nazareth. The market, on the town's main street, draws many Arab farmers from surrounding towns.

Prisoner Walks Out With Church Group
MERCER, Pa. (AP) — State police are searching for a convict who they said walked out of the Mercer County Jail Sunday with a church group.

Police said James Harkins of Akron had attended church services with the visitors and apparently walked out with the group.

Cuban Pilot Lands In U.S.

HOMESTEAD AIR FORCE BASE, Fla. (AP) — A Russian-made MIG17 fighter plane piloted by a defecting Cuban officer landed Sunday near President Nixon's Air Force One jetliner.

As Nixon relaxed 30 miles away at his Key Biscayne retreat, the pilot set the Korean War vintage plane down on the base's only runway at 12:25 p.m. EDT.

Air Force One stood on an apron being readied for the President's return to Washington.

The little jet was picked up by radar 90 miles east of Key West, a Defense Department spokesman said. Military sources declined to say whether U.S. planes were sent to intercept it or whether its cannon and machine guns were loaded.

The Cuban defector asked and was granted asylum. His name was not disclosed.

The U.S. State and Defense departments said in Washington that the Czechoslovakian Embassy was asked to inform Cuban authorities that the plane would be made available for return to Cuba. The United States and Cuba have broken diplomatic relations.

The dull gray plane was searched by military officials and placed under police guard in a hangar on the base. It bore the number 232, a Cuban flag, and carried red stars on its wings and tail.

Gerald L. Warren, deputy press secretary to the President, said Nixon was kept informed of the situation.

A pair of Cuban citizens escaped the island in 1962 in a crop-duster plane, landing in Florida. One of the men, Santiago Mendez Acosta, died in another crop duster seven years later while working over an Alabama field. His aircraft struck a power line.

600 Delegates Attend State NFO Convention

Over 600 delegates attended the annual state convention of the National Farmers Organization on Friday at the State Fairgrounds Youth Center, Columbus.

Principal speakers for the convention were John M. Stackhouse, Ohio Secretary of Agriculture; and Oren Lee Staley, National NFO President. Stackhouse stressed the need

for more export markets for farm products.

Staley pointed out that poor quality products are destroying already existing markets. He cited the case of some Japanese grain importers who visited his office in Corning, Ia., recently.

These gentlemen were complaining that the grain they had been receiving from the United States had been extremely high in moisture and other foreign materials. Because of the high moisture, the grain was partially spoiled by the time it reached Japan.

Staley pointed out that quality products rather than low prices will be more successful in building foreign markets for our farm products.

Staley announced that NFO has made more progress in bargaining for higher farm prices in the past year than in the previous ten years combined. NFO beef producers in Ohio recently voted on a beef-pricing contract. A hog-pricing contract will be voted on by NFO hog-producers on Oct. 9.

Tom Conrad, Route 1, New Holland, was re-elected as one of the three NFO National Directors from the State of Ohio.

Those attending the State Convention from Pickaway County were:

Mr. and Mrs. William Davis and Jim McGowan, Route 1, Mt. Sterling;

Mr. and Mrs. Baxter Rivers, Route 3, Mt. Sterling;

Mr. and Mrs. Clyde Bidwell and Raymond Hanawalt, Route 1, Williamsport;

Mr. and Mrs. Tom Conrad, Mr. and Mrs. Don Conrad and Mr. and Mrs. Tom Overly, Route 1, New Holland.

Mr. and Mrs. Lawrence Carle and Mr. and Mrs. Joseph Carle, Route 2, Circleville; Mr. and Mrs. Emory Marshall, Route 1, Orient; Howard Karn, Route 2, Orient.

This year's National Convention of the N.F.O. will be held in Louisville, Ky. on December 10-11.

U.S. Officers Disillusioned With 'No-Win' Vietnam War

WASHINGTON (AP) — An Army officer headed for a second tour as a battalion commander in Vietnam asked bitterly, "Why should I send men out to be killed?"

This veteran soldier spoke of disillusionment, of pointlessness to a war he sees as going nowhere.

"If we were trying to win, it would be different," he said. "But we're just hanging on."

This infantryman's frustrations and doubts were echoed by other military professionals, all in private conversations. None would be quoted by name.

An admirer whose job gives him a wide-angle view of the military establishment said morale has overtaken money as the No. 1 problem in retaining younger officers.

The erosion of morale seems to be a compound of factors—a war that is essentially a holding action, repeated separations from families and resulting marital turbulence, the surge of antimilitary sentiment in Congress and the country.

The depths of this erosion cannot be measured, but it may be significant that officer resignations have been rising.

Air Force resignations were up nearly 50 per cent in fiscal

1969 over fiscal 1968. In the Army, officer resignations jumped about 14 per cent. The climb was smaller in the Marine Corps and Navy figures showed level, but the Navy is worrying about losing aviators and submariners.

"Many of my contemporaries with 15 and 16 years of service are packing it in," reported one decorated Army lieutenant colonel.

"Pride of profession has kept them going, but that pride is taking a terrible battering these days.

The services cannot afford a serious drain of younger officers particularly those who have gained experience and seasoning in the field and on staffs.

Court Reflects Busy Weekend

Local law enforcement agencies had a busy weekend according to the heavy docket in Municipal Court Monday. Two Ohio residents were picked up over the weekend for driving while intoxicated.

Charles F. Moore, 35, of Columbus, and Clayton A. Snyder, 34, Ewington, were found guilty of OMVI. They both received \$150 fines, sentenced to three days in jail and had their licenses restricted for five months after a 30-day suspension period.

Gary Bolin, 409 E. Ohio St., was fined \$10 and costs for disturbing the peace.

Rose Ann Myers, 19, 128 Town St., forfeited a \$24 bond for failing to stop at a traffic light.

A \$19 bond was forfeited by James M. Hart, 21, Route 2, for squealing tires.

Fred Wooten, 21, of 366 E. Mount St. forfeited \$19.35 for speeding 43 in a 35 mile zone.

A \$24 fine was levied against Claude Skeens, 33, of 621 S. Scioto St. for disorderly conduct.

A total of \$351 was collected in other fines and forfeitures in the court over the weekend.

LIKE OLD TIMES—The scene in front of the White House in Washington hasn't changed much from one administration to another. These women, dressed in mourning clothes and softly singing an anti-war song, are protesting the current Vietnam policy. They are members of the Women's International League for Peace and Freedom, Philadelphia.

Dear Abby: A Person By Any Other Name

DEAR ABBY, Sometimes I of course, right), so since he suspect that in order to check had already turned a deaf ear on your readership, you deliberately give a stupid answer just to see how many protests you will receive.

Well, I strongly protest your answer to "MRS. FUNNYNAME," who asked her husband to change their name to something more acceptable, but he wouldn't allow it. Instead of giving her some encouragement, you sided with the husband saying, "He's the one who has the last word, so why fight it?"

I have been a school teacher, so I know how a comic or vulgar-sounding name can humiliate a child. How sad to think that a man would handicap his children thus.

Please change your answer, Abby, and encourage her husband to think of his children, MRS. H. J. K. of L. A.

DEAR MRS. H. J. K.: Had "Mr. Funnyname" asked me if he should change his name because it is a source of embarrassment to his family, I'd have encouraged him to do so. But "MRS. Funnyname" wrote to say that her husband was "proud" of his name and refused to change it (which is,

Newspapers To Resume In Dayton

DAYTON, Ohio (AP) — A 45-day newspaper shutdown ended here today after striking printers approved a new contract with Dayton Newspapers, Inc. The Daily News planned to resume publication this afternoon and the Journal Herald will be back in print Tuesday morning.

Both papers have been idle since the printers struck Aug. 22. Members of the International Typographical Union approved a new labor pact Sunday.

Pressmen also ratified an agreement Sunday night which provides a \$48.50 increase for journeymen over a three-year period and improved fringe benefits.

Robert C. Snyder, executive vice president and general manager of Dayton Newspapers, Inc., said the agreement with the printers included a \$37.50 a week wage increase over 28 months, a \$2.50 a week company contribution to the union's pension fund and improved fringe benefits.

The two sides in the printer dispute, working with a federal mediator, reportedly were close on economic issues more than a week ago, but talks broke down over the language for dismissing a lawsuit filed by the company against the union.

The \$34,000 suit followed publication last May of two newspapers with blank pages because of what the company called a slowdown by union members in setting display ads.

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — American viewers had their first look on Sunday night at an English television series which, when broadcast on the BBC Network, took the nation by storm, was called a cult and a "national obsession."

It was the premiere episode of "The Forsyte Saga," a series of 26 hour-long programs based on John Galsworthy's novels about a rich, fertile bourgeois English family. And, once the American viewers get the various Forsytes, friends and lovers sorted out, it may provide an interesting excursion into Victorian upper-middle class life.

However, no matter how well-produced, how well acted, or how revered are both BBC and the National Education Network, which is broadcasting it on a hook-up of some 165 stations, "The Forsyte Saga" is quite simply and purely a soap opera.

The serial opened amid a welter of Forsytes, circa 1879, but soon concentrated on two brothers and their cousin.

Winifred, the cousin, is a rather horsey girl who became engaged and was married in the first episode to a pleasant young man named Monty. British soap opera moves a lot faster than the domestic variety, which would have taken about a year for this.

Soames Forsyte is a lawyer—stuffy, utterly humorless, a complete snob and a dedicated bachelor. Jolyon Forsyte, called Jo, is an earnest idealist caught in a loveless marriage and in love with his daughter's Austrian nanny. As the episode ended, he had established his love in a little house in Chelsea and she had just confided that she was going to have his child.

Cheer up, fans of "As the World Turns," there will be more than "The Survivors" to amuse after dark.

"Mission: Impossible" is back on CBS for another season of saving civilization from deep-dyed evil. Sunday night the team simulated the start of World War III—nuclear explosions and all—to frighten an aging exiled dictator into revealing the number of his Swiss bank account.

This, in turn, was designed to abort his plan to get his country back by force.

As usual, it seemed to be an

2 Local Women At Preschool Workshop

On September 27, Mrs. Robert Monarski and Mrs. Frank Plescia attended the Fifth Annual Workshop of the National Catholic Preschool Association, in Cleveland. They represented the staff of St. Joseph's preschool here.

Mrs. Mary Reed Newland, noted author of numerous books for parents, was the principle speaker at the general session. Mrs. Newland, mother of seven, shared her insights on preparing children for the gift of faith with the fullness of Christ's life.

The day-long workshop featured sessions on creative arts, music, psychology, classroom techniques, modern catechetics, administrative practices, mass and the missions.

A volunteer lay organization, the National Catholic Preschool Assn. offers guidance and assistance in setting up Catholic Sunday Schools for preschool children. Such Sunday Schools are designed to develop close cooperation with the home, thereby aiding parents to meet their responsibilities for the religious education of their young children, at a level appropriate to the understanding and maturity of the child.

Miss Carolyn Clutter Bride Of Stephen Weiler

Miss Carolyn Clutter and Stephen Weiler were united in marriage 7:30 p.m. Aug. 16, in the Walnut St. United Methodist Church in Chillicothe. The Rev. G. W. Wilcher performed the double ring ceremony before the altar, adorned with baskets of white mums and candelabra.

The bride is the daughter of Mr. and Mrs. Leland Clutter of Chillicothe and the bridegroom is the son of Mr. and Mrs. Vernon Weiler, 175 Sunset Drive, Circleville.

Mr. Samuel Davis, organist, presented a program of pre-nuptial music.

Given in marriage by her father, the bride wore a Juliet styled gown of pastel blue batiste featuring long full sleeves. Her headpiece was a bandeau of corn flowers and status and she carried a cascade arrangement of stephanotis, corn flowers, status and baby's breath.

Serving as maid of honor was Miss Martha Clutter, sister of the bride. She wore a pastel green batiste A-line gown and carried a bouquet of corn flowers.

Rick Jordan performed the duties of best man with Richard and Charles Clutter, brothers of the bride, seating the guests.

Mrs. Clutter was attired in a two-piece pink silk shantung dress. Mrs. Weiler selected a yellow crepe dress with princess line and yellow accessories.

Both mothers wore orchid corsages.

A reception in the social room of the church immediately followed the ceremony. The tables were centered with arrangements of stephanotis, status, corn flowers and baby's breath.

The new Mrs. Weiler is a graduate of Chillicothe High School and Miami University. She is a member of Chi Omega sorority and Phi Beta Kappa honorary.

Mr. Weiler, a graduate of Circleville High School, also graduated from Miami University. He is presently enrolled in the Ohio State University medical school. He is a member of Alpha Delta Phi Fraternity and Phi Beta Kappa honorary.

After a short wedding trip the couple now resides at 620 Riverview Drive, Columbus.

Heavy Rain Hits Texas; Fear Floods

By THE ASSOCIATED PRESS
Flood warnings were out today in parts of Texas after rains of up to 12 inches poured onto the state Sunday night.

At least 11 persons were killed in motor vehicle accidents directly attributed to the weather and flood warnings went out for the Frio and Leona Rivers in South Texas.

The weather bureau also forecast moderate flooding on the Middle Nueces River through the end of the week.

A large polar high dominates the weather picture in the western half of the nation and temperatures are expected to dip.

Freeze warnings are posted for parts of Kansas, Nebraska, Iowa and Arizona. Frost warnings are in effect for New Mexico and scattered frost is expected in the Dakotas, western Minnesota and southeast Kansas.

Freezing temperatures are likely in the North and central Rockies and plateau regions.

The rest of the nation is expected to remain mild with only scattered frost expected in the mid and north Atlantic States.

Are You Tuned In To The Turned On?

HARTFORD, Conn. (AP) — Are you tuned-in to the turned-on, under-30 generation?

Managing editors of about 250 of the nation's newspapers were presented with a set of 10 questions Thursday on topics of interest to the nation's young people.

Most of the group attending the Associated Press Managing Editors Association convention admitted they could answer correctly only three or less of the 10 questions, which dealt with entertainers, terminology, authors and social concerns which are important to the under-30 generation.

The questions:

1. Who is the singer on the recording "Alice's Restaurant?"
2. What three states in the Union are regarded by hippies as THE place to go?
3. Who is the anti-Vietnam war activist directly involved in the recent release of three Americans held as prisoners of war in North Vietnam?
4. In organized hippie societies, what is the term for those who provide food and clothing for those who do not work or cannot work?
5. What are habitual users of the drug methedrine called (two words)?

ALASKA ALARMED—Use of Amchitka Island, though far out in the Aleutians, for nuclear testing has stirred fear of new earthquakes and tidal waves among Alaskans. They remember the quake devastation of 1964. Squiggly lines show the pattern of earthquake faults in Alaska. Conservationists are disturbed, too. Nixon Signs Teen - Agers' Bill

LUTHERVILLE, Md. (AP) — What began as a ninth grade project to show how a bill is drafted has ended as federal legislation signed by President Nixon.

Ralph Jaffe, the young social studies teacher at Ridgeley Junior High School who started the whole thing, is shaking his head in disbelief.

Jaffe said the idea originated last March while he was teaching two sections of the ninth grade at Ridgeley a course in how the government operates.

"We decided to try to draft a bill and after some discussion we came up with the idea of a bill that would create an adult-youth communications week, what with everybody talking about the generation gap," he said.

But once the bill was drafted, Jaffe added, the two sections of some 65 students decided to see if they could get it enacted by Congress.

So a delegation approached Rep. Clarence Long, D-Md., in whose district the school is located.

"He was very receptive to the bill," Jaffe said, "and he introduced it in the House."

"As far as the kids were concerned, the real enthusiasm started when they found their bill had actually been introduced," he said.

The measure set aside Sept. 29 through Oct. 4 as Adult-Youth Communications Week and urged adults and youths as well as communication media to encourage dialogue between adults and youths.

Jaffe said that once the bill was introduced, the two classes started a letter-writing campaign to gain support for it.

"We found that the kids had at least one friend or relative in every state in the union, and they wrote to them and asked that they write their friends and get them to write their senators and congressmen," he said.

Jaffe said hundreds of letters went to Congress from across the country, but that the one the classes were the proudest of came from Vietnam.

"One of the children's father was stationed there," he explained, "and he got his entire battalion to write a letter to President Nixon urging support of the bill."

On July 29 the bill passed the House. It was enacted by the Senate on Sept. 10 and President Nixon signed it into law last Thursday.

Jaffe says, "It proved to the kids that you can work within the system and do things in a responsible manner without burning draft cards or joining Students for a Democratic Society."

"While we're proud of what we've done, we're more proud of what we learned."

M. Douglas Steck, son of Mr. and Mrs. Melvin Steck, Williamsport, graduated from

M. DOUGLAS STECK

United Technical Institute as an honor graduate in architectural drafting.

Mark D. Ralston, son of Mr. and Mrs. Victor M. Ralston of 564 N. Pickaway St., is one of 1400 freshman cadets who have entered the U.S. Air Force Academy class of 1973.

MARK RALSTON

Cadet Ralston was accepted into the cadet wing after completing seven weeks of basic training, including field training at a simulated frontline combat base near the Academy, strenuous physical conditioning and survival instruction.

This is the largest class ever to enter the 15-year-old Academy and brings the current enrollment to more than 3800.

The cadet now begins a four-year course of study leading to an Air Force commission and a bachelor of science degree with an academic major in one of 27 fields of interest provided in the curriculum.

Cadet Ralston is a 1969 graduate of Circleville High School where he lettered in football, wrestling and track.

Gary Evans, son of Mr. and Mrs. Worth Evans, Amanda, is enrolled as a sophomore in the College of Engineering at Ohio University. He received an O.U. presidents' honor award scholarship for the 1969-70 fall, winter and spring quarters.

Gary is the grandson of Mr. and Mrs. Alex Sykes, Route 4.

Michael Cox, a CHS graduate, has returned to Ohio University for his junior year. He was selected for the advanced Professional Officer's Course in the Air Force ROTC and is a Cadet Second Lieutenant in the Detachment.

Michael is also Resident Assistant at Scott Quad dormitory. He is the son of Mrs. William Cox, Knollwood Village and the late Colonel Cox.

He was a 1968 graduate of Westfall High School.

Robert F. Stant, son of Mr. and Mrs. S. F. Stant of Route 1, Kingston, is student teaching secondary school at Bryan High School first semester.

Stant is a senior majoring in biology at Defiance College

and is working with a full time teacher, teaching biology and related subjects.

The Defiance College is a fully accredited, coeducational liberal arts college of about 1,000 students which was established in 1850 and is related to the United Church of Christ.

Susan Demjen, daughter of Mr. and Mrs. Frank Demjen Sr., 1058 Lynwood Ave., is one of the 30 sophomores participating in the Ohio State University Urban Teacher Education Program in Cleveland.

Susan is working as a teacher's aide at Forest Hill Parkway Elementary School this first quarter.

In addition to classroom experience, she will accompany the school attendance teacher on visits to pupils' homes, visit community action agencies, spend a week at Hiram House camp, work with Negro families and participate in seminars on problems of inner-city teaching.

While in Cleveland, Susan will be living at the Commodore Hotel, 1990 Ford Drive.

Melancholy Dog Guards Master's Grave
BUDAPEST (AP) — Timea, a black mongrel bitch, was a melancholy case since its master's death.

Master was buried three months ago, and Timea would not leave the graveside — returning time and time again, although cemetery guards kept chasing it away.

Then the guards took pity of the dog, feeding it for some days. But as keeping a dog in a cemetery is strictly against regulations, they informed the Hungarian society for the prevention of cruelty to animals.

The society came and took the dog to its stray dogs' home at Fot, a suburb of Budapest, maintained by voluntary donations by dog lovers.

Then children's disease specialist Dr. Tibor Ballo took the dog to his home, trying to cheer up the melancholy "dumb friend." But it was no good. It hardly ate or drank anything.

The dog ran away, and has not been found.

Young Australian Mystic Tried For Burning Mosque

JERUSALEM (AP) — A police superintendent told a Jerusalem court today that a young Australian mystic had confessed setting fire to the Al Aksah Mosque in Old Jerusalem to clear the site for the rebuilding there of Solomon's Temple.

Supt. David Ofer said Michael Denis Rohan, 28, told the police in a statement after his arrest: "About a week after I arrived in Jerusalem I discovered a Scripture that said that one person will be called by God to build the temple and therefore I decided God wanted me to build this temple. Therefore if I am the chosen one to do this, I will have to prove it by destroying the mosque. If this was God's will, then He would allow me to do it."

The Al Aksah Mosque was built on the site of Solomon's Temple, and the Wailing Wall nearby is the last remnant of the temple. The site is also Is-

lam's third holiest shrine because Moslems believe that the Prophet Mohammed ascended into heaven from there.

Sitting in a bulletproof glass enclosure like the one that protected Nazi war criminal Adolf Eichmann, Rohan went on trial today on four charges of arson and desecration of a holy place. His Israeli lawyer told the three-judge court Rohan "does not confess to the charge and he does not confess to the facts" outlined in the charges.

Under Israeli law, a defendant does not plead guilty or not guilty. He can admit or deny all or some of the alleged facts, or he can refuse to reply at all.

If convicted on all the charges, Rohan could be sentenced to 4 years in prison.

The police superintendent said Rohan in his confession gave this account of setting fire to the mosque:

After describing in detail the purchase of inflammables, he

arrived at the mosque at 7 a.m. on Aug. 21. He paid the lone Arab guard 10 Israeli lira to gain entrance.

He put containers of kerosene and benzene behind the mosque staircase while an elderly Arab woman looked on.

"I pretended to take photographs," Rohan said.

When the woman left the mosque, Rohan took a kerosene-soaked scarf, put it behind the staircase and lit the end of it with a match.

The entire procedure took only five or ten minutes.

239 Students In Adult Classes At OU

Ohio University-Chillicothe has 239 students enrolled in its Adult and Continuing Education program.

Wilbur L. Mundell who heads the program at OUC stated that 93 students are pursuing graduate studies for either the Master of Business Administration or Master of Science degree in Industrial and Systems Engineering.

Five graduate courses are being held at OUC and one at the Goodyear Atomic Corporation at Piketon.

Currently six non-credit courses are being conducted. In addition, a two week seminar, "Tilting and Editing of Slides" will be held on Oct. 15 and 22.

The Graduate Real Estate Seminar at OUC is the last course in a series of six which began in the Fall of 1966. Upon completion of this course, students who have fulfilled requirements will be awarded a professional certificate by Ohio University.

Nine enrollees in this program will receive Graduate Realtors Institute designation.

Final enrollment figures for the undergraduate and Adult and Continuing Education programs offered at the Chillicothe campus reveal that total enrollment is slightly under 1000 students.

Westfall Slates Fish Fry Friday

Three Injured In S. Court St. 2-Car Accident

Three persons were injured in a two-car accident at South Court and Ohio Streets, 9 p.m. Saturday.

Rose Heeter, 43, Shirley Heeter, 33 and Dorothy Hite, 15, all of Route 2 were referred to their family physician for treatment of minor injuries.

Circleville Police said that Mrs. Heeter was turning left from Court onto Ohio at the time of the collision. Mrs. Heeter stated she waited until the light turned red before attempting to complete the left hand turn.

James D. Kirk, 19, Ashville, driver of the other car, told officers the light was green and Mrs. Heeter turned in front of him.

Pickaway Scouts Attend Annual Fall Camporee

The Pickaway District Boy Scouts held their Fall Camporee this weekend at Camp Pine, near Washington C. H.

Thirteen adult leaders and 71 boys representing five area troops attended together with six members of the District committee. The troops attending were 52 and 205, Circleville; 343, Five Points; 157 New Holland and 159 Ashville.

The boys participated in skill contests and practiced good camping by patrols. The skill contests included fire building, compass course, first aid problem, "strange egg" hunt and a travois race. The Travois race is a particularly interesting event for the boys and spectators.

The boys must lash together three poles on which they pull one boy around a course. If the lashings should fail, and they do, they return to the starting line and try again.

Troop 159 of Ashville was overall winner of events and campsite inspection.

OSP Investigates Injury Accident

The Highway Patrol investigated an injury accident on Route 23, four-tenths of a mile south of the Pickaway-Franklin County line, that occurred at 6:48 p.m. Saturday.

Lorena Caldwell, 72, Lockbourne, who was south-bound on 23, turned left onto a county road in front of a car driven by Deborah Hardman, 17, of Laurelville. The Hardman vehicle struck Mrs. Caldwell's in the right side, injuring the 17-year-old girl.

Mrs. Caldwell was cited for failure to yield the right of way.

State Plans Crackdown On Cleveland And Akron

COLUMBUS, Ohio (AP)—The state is planning to crack down on the cities of Cleveland and Akron for allegedly failing to provide adequate treatment of wastes dumped into Ohio waterways.

The Ohio Water Pollution Control Board has ordered Cleveland officials to appear at a formal hearing Oct. 14.

The situation in Akron has not reached the hearing stage, but a reliable administration official said the city's pollution authorities have been asked to confer with state officials on Oct. 16.

At stake is the water discharge permits of both cities. Under Ohio law, the state can revoke permits for water discharge into streams. Cities that do not have them can then be cited into court and assessed heavy fines for failure to comply with board orders upon conviction.

Cities operating without water discharge permits can be fined up to \$500 a day.

Cleveland has secondary sewage treatment at its Easterly and Southern sewage treatment plants, but only primary treatment at its Westerly plant.

Cleveland's overloaded combined storm and sanitary sewers dump sewage wastes directly into streams at more than 300 by-pass locations.

A broken sewer situation during the summer reportedly resulted in the dumping of 25 million gallons of raw sewage a day into the Cuyahoga River for two months until repairs were made.

While Akron has adopted secondary treatment procedures at its sewage treatment plant, a major problem there reportedly

is inadequate control of industrial wastes discharged into Akron sanitary sewers.

"These massive industrial wastes," the administration source said, "include large quantities from the rubber industry." He said they are "overloading, overburdening and defeating the efficiency of the Akron sewage treatment plant."

Because they discharge wastes into city sewers and not state waterways, Akron industries do not come directly under control of the Water Pollution Control Board.

But the source said the state can bring pressure by forcing the city to put a higher degree of pre-treatment of industrial wastes before they go into sewers.

11 Nations Ask U.N. Action To Outlaw Aerial Hijacking

UNITED NATIONS, N.Y. (AP) — Eleven countries are requesting the U.N. General Assembly to ask all nations to outlaw aerial hijacking.

In a letter today to Secretary-General U Thant, the countries asked that "piracy in the air" be added to the agenda of the assembly's current session.

They sought a study of legal measures that governments might adopt against a "growing menace to commercial aircraft."

They proposed a resolution calling for effective laws against seizure of aircraft in flight, punishment of hijackers, a new international convention against air piracy and compliance with the 1963 Tokyo convention "relating to the prompt release of passengers, crews and aircraft."

Countries sponsoring the resolution are the Netherlands, Belgium, Luxembourg, Canada, New Zealand, Lesotho, the Malagasy Republic, the Philippines, Argentina, the Dominican Republic and Ecuador.

Interested diplomats said the assembly probably will agree this week to take up the question although there may be some abstentions.

They speculated that the Soviet Union would argue that an assembly debate is unnecessary because the International Civil Aviation Organization in Mont-

real is working on the problem. Meanwhile, black African diplomats planned to step up their attack against white governments in Africa and against South Africa's failure to release South West Africa to U.N. control.

President Ahmadou Ahidjo of Cameroon was to present the General Assembly this afternoon a declaration against colonialism and racism that the African nations adopted Sept. 10 at their summit conference in Addis Ababa, Ethiopia.

Natural Gas Well Is Brought In Near Jefferson

JEFFERSON, Ohio (AP) — What may be the largest natural gas well in Ohio was brought in last week on the John R. Emelius farm six miles south of here on Ohio 46.

Orval Grim of Mansfield Drilling Co., which brought in the well, said it was capable of producing between 12 and 14 million cubic feet per day.

Grim said it was the largest natural gas well ever tapped in Ohio.

He said the East Ohio Gas Co. broke two sets of measuring gauges Friday before it could measure the well's potential. The well is located in Ash-tabula County.

The well is 6,000 feet deep but Grim said the gas was coming from the Clinton formation of rocks at the 3,200-foot level.

Welfare Agencies Represented At Conference

Representatives of all Pickaway County welfare agencies will attend the 79th Ohio Welfare Conference Oct. 12-15 at the Statler - Hilton Hotel in Cleveland.

Delegates will have an opportunity to listen, to exchange ideas, to test their convictions, to learn more about their fellow man and to become more sensitive to his needs as well as their own in the program which includes 22 study courses.

Conference President Raymond R. Brown announced the theme, "Security - Social Services - Sensitivity in the Seventies," terming the theme as "consistent with the mood and interest of contemporary society."

RETURNS — The Rev. Robert B. St. Clair, pastor of the Commercial Point United Methodist Church from 1952 to 1960, will deliver the sermon in the new sanctuary of the United Methodist Church at Commercial Point 10:30 a.m. Sunday. The charge included Commercial Point, Concord, Darbyville and Hebron Churches at that time. He is now the pastor of the First United Methodist Church in Zanesville.

Doctor O.K.'s This Hemorrhoid Treatment For N.J. Couple's Son

Treatment Shrinks Piles, Relieves Pain In Most Cases

Wharton, N.J. Mr. and Mrs. C. M. Jeffers report: "Our son suffered from hemorrhoids. I asked the doctor about Preparation H and he gave us the O.K. Our son is now fine, thanks to Preparation H."

(Note: Doctors have proved in most cases — Preparation H actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced.

There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

IT'S JUST MY NERVES!

Quite often patients come to our office, saying, "There's nothing wrong with me, it's just my nerves."

Why is it so difficult for us to realize that nerves are as real as a muscle or bone?

Nerves give us no concern unless they are irritated. Nerves become sick when they are compressed, pinched or otherwise unnaturally paralyzed or stimulated.

Gray's Anatomy, a standard textbook of the healing arts, boldly states that the first step in an inflammatory process is heat from hot nerve end-plates caused by irritation.

Four hundred and fifty trillion individual nerve wires composing the spinal cord carry a constant stream of messages between the brain and all parts of the body. They are our transmission lines and our communication lines. All function in the body is coordinated and controlled by these messages sent from the brain. Nerve lines can become scrambled, highly irritated and hot when misaligned spinal vertebrae interfere with their function. Nerve interference will affect any or all of our vital organs causing a multitude of pain and suffering.

In war the first aim toward victory is to disrupt the communication systems, throwing the enemy into a state of turmoil and lowering their resistance. Injury to the spine upsets the delicate communication system disrupting function in the body.

We specialize in clearing communication lines by freeing "sick" nerves. Health naturally results such as this case will illustrate.

A middle aged stenographer, fearful of a nervous breakdown, came to a chiropractor when all other efforts failed. "I'm just a bundle of nerves. My heart races like mad and at times just pounds out of my chest," she said. She had no energy, spells of complete exhaustion, hot flashes, night sweats, dizzy spells and chronic constipation. Constant tension pains in her neck, left shoulder and arm kept her awake nights.

Nerve instruments located severe nerve pressures in her spine and x-rays enabled us to realign the offending vertebrae causing all the disturbance with her nervous system. Her miserable symptoms vanished as normal functions returned. She stays healthy by a regular monthly check-up as hundreds of other healthy patients do.

Presented in the public interest for better health through chiropractic by the Circleville Chiropractic Center under the auspices of the Central Ohio Chiropractic Association.

Street Is Paved With Glass In Test Of New Material

TOLEDO, Ohio (AP) — You think driving on ice is tough? Try it on a street of glass.

As a research project, Owens-Illinois, Inc., paved a street with glass here Saturday to see if discarded glass containers can be substituted for sand, gravel and stone now mixed with asphalt for standard paving.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP)—Official Weather Bureau summary for Ohio:

Temperatures early today ranged from the mid-40s in extreme northeastern Ohio to the lower 60s in the southwest.

A high-level cloud layer spread into western Ohio during the night and was expected to cover the entire state by tonight.

Rain was expected in western counties by tonight and over all of Ohio on Tuesday. Wednesday's weather calls for cooler temperatures with a chance of showers.

FORECASTS
NORTHWEST OHIO —Partly cloudy and not as cool tonight. Lows from the upper 50s to the lower 60s. Mostly cloudy and mild with chance of showers Tuesday. Highs near 80. Outlook for Wednesday, mostly cloudy and a little cooler with chance of showers.

CENTRAL & SOUTHWEST OHIO — Partly cloudy and not as cool tonight. Lows mostly on the low to mid-60s. Mostly cloudy and warm with chance of showers Tuesday. Highs in the 80s. Outlook for Wednesday, considerable cloudiness and a little cooler with chance of showers.

EAST CENTRAL & SOUTHEAST OHIO — Increasing cloudiness and not as cool tonight. Lows from the mid-50s to the lower 60s. Mostly cloudy and warm Tuesday. Highs in the 80s. Outlook for Wednesday, considerable cloudiness and a little cooler with chance of showers.

OHIO FIVE-DAY FORECAST
Temperatures will average about normal Tuesday through Saturday, with highs mostly in the 70s and lows in the upper 40s and low 50s. Warm weather at the beginning of the period will turn slightly cooler Wednesday with little day-to-day change thereafter. Rainfall will total about one-half of an inch to one inch as showers around mid-week and again near the weekend.

The idea is to save money for cities because it would be cheaper to use waste glass for paving streets than to pay for disposal of used glass and then buy sand or stone for paving.

Like the familiar street paving, the glass is finely ground to prevent cuts in tires and then mixed with asphalt and spread to harden.

Owens-Illinois, manufacturer of glass, plastics and paper products, has been working with the University of Missouri School of Mines and Metallurgy at Rolla on the project.

Representatives of the university came to Toledo Saturday for the pouring of the "glassphalt" street.

The test street is part of a parking lot at Owens-Illinois Technical Center here and measures 58 feet in length, 18 feet in width, and is two inches thick. The strip of glass and asphalt paving required 17 tons of glass.

Glass from the Houston, Tex., Metropolitan Waste Center was shipped to Toledo to provide glass typical of a city's automatically handled waste system.

The Atlas Paving Co. of Toledo provided the hot asphalt and did the paving.

Owens-Illinois officials said the results will be made available to the University of Missouri, the U.S. Public Health Service and cities interested in waste disposal.

Charles G. Depew, Owens-Illinois administrative division president, said the project was part of his company's continuing efforts to "develop practical means of disposing of solid wastes like glass and plastics through systems which make disposal simple and inexpensive."

He said tests so far indicate the glass material will perform as well as conventional pavings made of sand, stone or rock.

Arguments Set In Shutt Trial

CINCINNATI (AP) — Final arguments by prosecution and defense were all that remained today before the Barbara Jean Shutt murder trial goes to the jury.

The young woman, accused of slaying her psychiatrist mother, Dr. Jane Shutt, 43, took the witness stand Friday in her own defense.

She insisted that she merely found the shot and bludgeoned body on the morning of May 25. She said she threw a gun she found into the Ohio River because it belonged to her adoptive father, Charles, and she wanted to protect him.

'Kids' To Give Nixon What-For On Vietnam War Soon

By JOSEPH E. MOHBA
Associated Press Writer

WASHINGTON (AP) — Those "kids" are at it again, doing their Vietnam thing, and it may be that President Nixon will witness this month the most massive concerted blast of popular dissent ever directed at an American president.

The President said it wouldn't affect him any, thereby tripling their enthusiasm for the task.

They're a year older now, these young ones who worked for Bobby Kennedy and were thwarted by a bullet, who slaved for Gene McCarthy and were beaten back by orthodoxy.

They're a year wiser, a year better organized, and they've saved their mailing lists and marked well who their friends were in 1968, the year they refuse to forget.

And they are fired by a conviction that, unlike 1968, the weight of public opinion is on their side when they say it's time for Nixon to bring the troops home. All the troops. Now.

They are the Vietnam Moratorium Committee and its thousands of supporters recruited

across the land for the first day of a moratorium—Wednesday, the 15th of October 1969.

If all goes well, they hope history will record that day as a watershed in participatory democracy, a turning point in their country's philosophy of world leadership. They want it to be the day the people stood up and made something happen.

If it works, they will give much credit to Nixon himself, who at 12:10 p.m. Friday, Sept. 27, defied them by declaring at his news conference: "Under no circumstances whatever will I be affected by it."

The mail and money pouring into the shabby Washington headquarters of the committee have nearly tripled since that presidential statement.

"We couldn't believe he'd say that," said David Hawk, 26-year-old co-coordinator of the moratorium, speaking in barely concealed exultation. "But we couldn't have asked for more. The people didn't like that."

He waved a pale hand around the cluttered, frenetic office. Girls in long hair and short skirts, young men in long hair and short beards, sitting on

cardboard car ons, opened stacks of envelopes. Their work table was piled with currency and checks—for amounts ranging from \$1 to \$500.

"My God, we're out of Buttons!" someone wailed from a back room, as requests poured in for the blue badges with the white dove and "Work for Peace October 15."

Hawk, a Cornell graduate and All-America swimmer now awaiting trial for refusing draft induction, emphasized that "October 15 is not just a day of activity, an event in itself, but the beginning of an escalating process."

The committee intends to follow up the first moratorium day with two days in November and three days in December.

It began as a campus movement, and after a summer of feverish organization, the committee feels sure now of well-organized support on some 600 campuses in every state of the union.

But now the movement has spread beyond campuses. Committees of lawyers, doctors, clergymen, businessmen and housewives are springing up,

says Hawk, to spread the word throughout the citizenry a large.

The committee is urging businessmen to offer employees the day off, and to shut down if possible—a "moratorium on business as usual to allow concerned citizens to spend that day participating in antiwar programs in their local community."

Besides bringing pressure to bear on Nixon for a troop withdrawal, Hawk said, a key objective of Oct. 15 is to prepare for "an enlarged and lengthened moratorium for November."

The committee started out with minimal funds from Kennedy and McCarthy supporters. Now it is receiving as many as 1,000 envelopes a day—most bearing gifts. The money pays for buttons, bumper stickers, office rent, painting, and minimum subsistence salaries for the dozen or so regular moratorium staff members.

So busy is the office that nobody has stopped to count the money, or the volunteers who wander in daily to help with the mail and telephone calls.

"The volunteers began pouring in a week or so ago," said Peggy Shaker, the 21-year-old

director of volunteer work. She is a slim, olive-skinned worker from Niles, Ohio, who was graduated from college in June and spent the summer looking in vain for a job with a liberal in Congress.

The atmosphere in the overheated warren of rooms is hectic and serious. But the mood is cheerful and friendly.

Hawk, like his fellow coordinator Sam Brown, the Harvard theology dropout who ran the McCarthy youth drive last year, and other staff members, patiently endures repeated visits and identical questions from newsmen, along with the hot lights of television film crews and the TV equipment that clusters the offices.

A freckle-faced girl walks shyly in, her skirt at knee length, her hair in a conservative bob.

"My name is Edna," she told Peggy Shaker.

"Do you want to work now or sign up for later?" Miss Shaker asked.

"I go to D.C. Teachers and we're not organized for the moratorium and I want to organize it."

"Okay. In there. If you can't

find anyone to help you come back here."

On October 15, they will hand out leaflets at supermarkets connecting the war and the high price of groceries. Workers leaving their plants will get leaflets tying the war to the income tax surcharge and the inflation that is diminishing the value of their paychecks.

"We're beginning to get a pattern in our activity schedules for that day," Hawk explains. "It's up to the local people to set it up, although we suggest kinds of activities and things like wearing black armbands."

"In the morning, like on the campuses, there will be convocations and Vietnam war-oriented discussions and classes. In the afternoons there will be work: leafletting and door-to-door canvassing. The evenings will have such things as torchlight rallies and parades."

"The only thing Nixon is going to be responsive to is great public pressure."

"You know, there will be schools in the South and in the hinterlands that have never had antiwar activities or any other kinds of demonstrations before. You take Bethel College out in Kansas—a Republican state, a Mennonite student body. They're going to ring an old Mennonite bell some 40,000 times for everyone killed over there. They haven't rung that bell in 60 years."

Is there any threat of violence from any of the more radical youth elements?

"We've had absolutely no feedback on that at all," said Hawk. "It looks good. This isn't just a noisy demonstration. We're trying to mobilize public opinion—and this includes the establishment, the businessmen who put Nixon in office and who now see the war as harmful to business."

Three more volunteers and one more reporter wander in to take up more of the precious office space. They wander around gazing at colorful antiwar posters—but the volunteers are unceremoniously collared within moments by a smiling Peggy Shaker and soon are licking postage stamps.

College Students Feel Newspapers Unfair

HARTFORD, Conn. (AP) — College students feel many newspaper stories are inaccurate and unfair, a survey shows, but rate newspapers better in this respect than news magazines, television and radio.

The survey, conducted by a committee of the Associated Press Managing Editors Association, was presented at the organization's convention Thursday.

The view of high school pupils were included in some areas of the survey, and both groups said they spent more time with newspapers than with other news media.

The survey interviewed 110 college students, and 36.5 per cent felt television was the "most interesting" news medium followed by news magazines, 35.5 per cent, newspapers, 21.5 per cent, and radio, 6.5 per cent.

The 87 high school pupils' interest was divided equally among newspapers, television news and news magazines—about 30 per cent for each—with radio the most interesting for 10 per cent.

When asked what newspaper information is handled inaccurately,

college students most often mentioned stories on campus unrest, demonstrations and riots, Negro and slum problems and Vietnam.

But they also said that of the news media, newspapers were the most accurate (35.8 per cent) compared to news magazines (32 per cent), television news (25.5 per cent) and radio news (6.6 per cent).

Asked which news medium was fairest, the college students gave newspapers (53.5 per cent) a wide edge over television (21.2 per cent), news magazines (13.1 per cent) and radio (12.2 per cent).

Intended as a guideline for newspaper handling of stories, the survey showed that college students would like to read more stories about racial and social problems, politics, campus unrest and positive things.

The few remaining members of the Lacandon Indian tribe of Mexico have forgotten their ancient writing, medicine, calendar and architecture. But the men, women and children still smoke large cigars of cured tobacco leaves as their ancestors did centuries ago.

What they would like to see less of included crime and murder, society, scandal and gossip and Vietnam.

The college students said they spent an average of almost seven hours a week reading newspapers, more than three hours a week each watching television news and reading news magazines, and nearly three hours weekly listening to radio news.

High school pupils gave newspapers just over three hours a week compared to 2½ hours each for radio and television news, and one hour 15 minutes a week reading news magazines.

"Are newspapers treating teen-agers fairly?" the high school students were asked. Many said negative news about teen-agers is overemphasized, not enough attention is given to good things young people are doing, and that newspapers

stress the results of teen crime rather than the causes.

Rene Cazenave of the San Francisco Examiner, who directed the study by the APME content committee, said the college students interviewed were from 82 colleges and universities in 34 states, and the average age was 21.

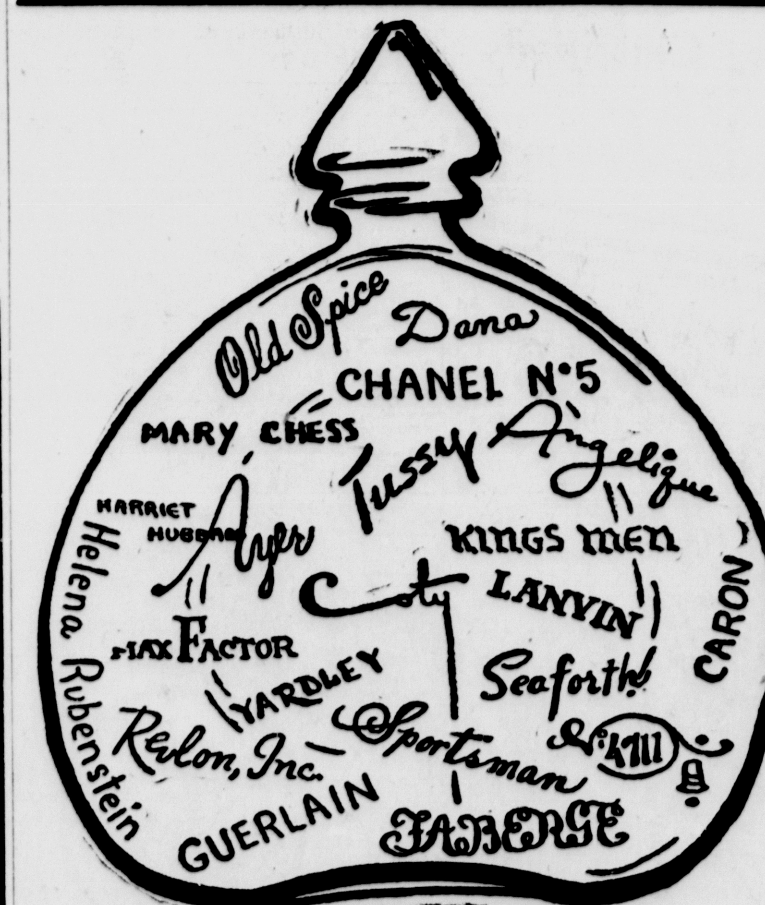

The high school pupils represented 75 schools in 27 states, and the average age was 16½.

Mets Back Home; Braves Face Oblivion

NEW YORK (AP) — The New York Mets were back in their own backyard today, looking to wrap up their National League playoff series with the Atlanta Braves and move on to their first World Series in their almost implausible eight-year history.

The Braves, on the other hand, were looking for a replacement for their unofficial mascot, Chief Noc-A-Homa—preferably someone who could throw a ball or catch a grounder after two games in which they looked like carbon copies of the old Mets.

The new Mets fashioned a 2-0 lead in the best-of-five playoff series during the weekend despite ineffectual pitching by ace Tom Seaver and Jerry Koosman, making the most of 23 hits, five Braves errors and several mental mistakes for 9-5 and 11-6 victories.

That put the amazing Mets, who stumbled through seven years of ineptness before starting their rags-to-riches story this season, one step away from the frenzy that is certain to overtake usually staid New York City if the Mets win their first pennant.

Shea Stadium began filling early today with the usual Mets fan—the long suffering banner-carrier who suddenly has found he can take pride in the club, and proved it by almost virtually tearing up the place the night the Mets clinched the National League East title.

The exhilarated fans tore up patches of grass for trophies, took home pieces of the scoreboard as keepsakes and ripped up every base except first in a wild celebration. They probably

will make sure they get that, too, if the Mets finish it off today when Gary Gentry (13-12) goes against Pat Jarvis (13-11).

Today is Gentry's 23rd birthday and the 12th day after his pennant-clinching victory for the Mets in the National League East. But whether he would be around at the finish was a big question, considering the pattern of the first two games.

In the first one Saturday, the 25-year-old Seaver was

tagged for eight hits, including two homers and four doubles in seven innings. But the Mets came through with a five-run eighth inning built on four unearned runs to win it.

Then, Sunday, Koosman was chased in the fifth inning after surrendering seven hits, including a homer and two doubles. But the Mets made the most of 13 hits, three Atlanta errors, an obstruction call and an uncovered base to put another away.

'The Haig' Dies; Known As Father Of Modern Golf

TRAVERSE CITY, Mich. (AP) — Charles Walter Haig, the father of modern professional golf and one of its most colorful stars on and off the course, died of cancer about midnight Sunday. He was 76.

Haig had been in a coma about 10 days and he died in his estate here.

Haig underwent throat surgery in January 1967, this

operation since a cancerous larynx was removed in 1964.

One of "the Haig's" last public appearances came in August 1967 when many of the great and near-great of golf gathered in this northwest Michigan resort for a testimonial sponsored by his local friends.

Among them was current star Arnold Palmer who, in a moving tribute to a man he idolized, said "If it were not for you, Walter, this dinner tonight would be downstairs in the pro shop and not in the ballroom."

"The Haig," as he was reverently known throughout the golf world was one of the first men in sport to earn more than a million dollars, of how he made it—and spent it—is legend.

"I never wanted to be a millionaire. I just wanted to live like one," Haig wrote in his autobiography.

Just under 6 feet, with weather-beaten features and hair slicked down in the fashion of his era's matinee idols, Haig won the U.S. Open in 1914, repeated in 1919 and finished in the money until his playing days were over.

He was the only man ever to win the Professional Golfers Association title five times or four times in a row. He won it in 1922, 1924, 1925, 1926, 1927.

In 1922, he became the first American-born pro to win the British Open with a victory that spelled the beginning of the end to British domination of the sport. He won that title four times.

Hagen also whipped the legendary amateur Bobby Jones 12-up and 11-holes-to-play in a 72-hole match. It brought him the biggest purse ever won by a pro until then—\$7,800. He bought Jones a \$1,000 watch.

Although the triumph seemed to establish "The Haig" as world champion, he shrugged off the label. He said the match showed only that a champion could beat another champion on any given day if one was "up" and the other wasn't.

Hagen was regarded as the best shotmaker in golf and was never happier than when behind and in trouble. It gave him the chance to pull off shots that make a gallery gasp and he reveled in it.

Kansas City Chiefs Whip Saddened Denver, 26-13

By SHEILA MORAN

Associated Press Sports Writer

It's a long way from third string quarterback to starter but Mike Livingston, suddenly thrust into the spotlight by the Kansas City Chiefs, proved fit for the job.

More than fit, as the Denver Broncos saw it after Sunday's 26-13 American Football League loss.

Livingston, a product of Southern Methodist and the Chiefs' second-round draft choice last year, was hailed as the "best pro quarterback prospect to come out of Texas in years" by Texas Christian Coach Fred Taylor after he broke most of Don Meredith's passing records at SMU.

But Livingston, cast by the Chiefs into the shadows of Len Dawson and Jack Lee, had little chance until Sunday to show what he could do.

With Dawson and Lee sidelined by leg injuries, Livingston

stepped in and completed 14 passes for 124 yards, more yardage than the combined figures for two Bronco quarterbacks, Steve Tensi and Pete Liske.

Livingston clicked on screen passes to fullback Robert Holmes and on longer throws to Otis Taylor and Fred Arbanas.

Jan Stenerud, the sensational soccer-style kicker, accounted for 12 Kansas City points with four field goals, one a 54-yarder for a Denver stadium record, as the Chiefs widened their Western Division record to 3-1 and the Broncos squared theirs 2-2.

Kansas City's touchdowns came on a 12-yard run by Warren McVea and a 60-yard dash by Jim Kearney with an intercepted pass.

In other AFL games, the world champion New York Jets, 2-2, beat Boston, 0-4, 23-14 and Houston, 3-1, whipped Buffalo, 1-3, 28-14.

In Saturday night games San

Diego, 2-2, trounced Cincinnati, 3-1, 21-14, and Oakland, 3-0-1, and Miami, 0-3-1, played to a 20-20 tie.

Quarterback Joe Namath, his cranksy knees showing no problems, passed for one touchdown and started the Patriots by running four yards for another.

Jim Turner kicked three field goals as the Jets snapped a two-game losing streak and evened their Eastern Division record 2-2.

Namath ran for his first six points of the season early in the third period on a third down situation by sweeping his left end to climax a 50-yard drive.

The Oilers maintained their Eastern Division lead as quarterback Pete Beathard passed three yards to Roy Hopkins for one touchdown and ran four yards for another.

The Oilers also scored on a 51-yard dash by Ken Houston with an interception and a one-yard plunge by Hoyle Granger.

In the Mid-Ohio loop, Wilmington overcame a 14-0 deficit to defeat Bluffton, 16-14, and Defiance edged Findlay, 14-13, the difference being a missed conversion in the second period.

Other action saw Wittenberg

tripping Lehigh, 21-13, while Northwood Institute dumped Ohio Northern, 27-7; Central State edged Kentucky State, 8-7; Oberlin trimmed Carnegie-Mellon, 10-8; Grove City, Pa., beat Western Reserve, 27-6 and Ashland blanked Ferris State, 20-0.

Winless Dayton started strong but fell to Louisville, 24-17, on Cardinal halfback Ray Glass' 75-yard touchdown romp late in the fourth quarter. Dayton had led 14-0 until Louisville's first TD late in the second period.

Marshall extended its losing streak to 21 games by blowing a 14-0 halftime lead and falling to Northern Illinois, 18-17.

Freshman quarterback Mic Hutton lobbed four touchdown passes to split end Dan Ruff as Akron smothered Ball State, 49-9. The Zips got two touchdowns on runs by tailback Ron Lemon and another on a 48-yard punt return by Jack Beideman.

In Ohio Conference action, Muskingum salvaged a 14-14 tie with Baldwin-Wallace on Dave Heimerl's 11-yard touchdown pass with less than five minutes left to play; halfback Chris Cortez racked up 89 yards as Marietta blanked Kenyon, 17-0; Wooster held off two late Mount Union scoring drives for a 10-7 victory; Denison tallied five times in the first half and then held off Otterbein for a 36-21 win; juniors Tom Liller and Rich Henley each scored twice as Ohio Wesleyan thumped Heidelberg, 27-3, and Capital's ground attack overpowered Hiram, 42-6.

John Carroll, led by sophomore quarterback Sam Moroco, who had two touchdowns runs, defeated Case Tech, 27-0, in a Presidents' Athletic Conference game.

\$10,400.00 EXTRA CASH WHENEVER YOU GO TO THE HOSPITAL

— Only 25¢ covers your entire family for the first month

- ★ Pays you extra cash at the rate of \$100.00 a week for as long as 104 weeks...for each hospital stay
- ★ Guaranteed renewable for life. At last—a hospital plan that guarantees never to cancel your protection no matter how old you get or how many claims you make

- ★ Pays all cash direct to you (not to the doctor or hospital)
- ★ Pays in addition to any other companies' coverage you have—including Medicare
- ★ No age limit—no medical examination required
- ★ No salesman will call

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT THURSDAY, OCTOBER 23, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept on going the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Hospital Plan that...

Pays you \$100.00-a-week tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Your special low price is just 25¢ for the first month's coverage for your entire family. Then continue at regular low Presidential rates.

The added protection you NEED!

All benefits of this Presidential \$100.00-A-WEEK Hospital Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit—for hospital or doctor bills, mortgage payments, to replace savings—or any necessary but costly extras not covered fully by usual hospital policies.

You get your \$100.00 per week—TAX-FREE—from your first day in the hospital, and as long as you are confined there, even for 104 weeks, if necessary. And, when you and your insured spouse are hospitalized at the same time for an accidental injury, Presidential pays out an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$100.00, but \$200.00 a week. Your spouse receives not \$100.00, but \$200.00 a week. That's \$400.00 in all, in cash payments to you every week while you both remain in the hospital...even for as long as 2 whole years.

We can never cancel your policy!

You can count on Presidential's generous protection no matter how old you get or how many times you collect from us. It is written into your policy that we cannot cancel your protection after you've made a lot of claims, or become old—or both. It is **GUARANTEED RENEWABLE FOR LIFE!** And that's not all. Suppose you have a growing family—this special Presidential Plan (HP35L-868)...

- PAYS** up to \$10,400.00 CASH for each accident or illness, starting the very first day in the hospital.
- PAYS** up to \$10,010.00 CASH if you're 65 or over—at the rate of \$70.00 A WEEK for first 13 weeks, and a full \$100.00 weekly while you remain in the hospital thereafter, (for 91 more weeks if necessary)...in addition to whatever benefits you receive from Medicare.
- PAYS** up to \$41,600.00 CASH when both husband and wife are hospitalized at same time for accidental injury, for as long as both remain in the hospital—at the rate of \$400.00 A WEEK.
- PAYS** up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.
- PAYS** \$100.00-A-WEEK CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Maternity Benefits.
- PAYS** up to \$6,240.00 at the rate of \$60.00 A WEEK when a child goes to the hospital for any accident or illness (when Coverage for Children has been added to the basic plan).

65 OR OVER? YOU COLLECT UP TO \$10,010.00 CASH IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as the important addition to whatever is paid by Medicare—or health insurance you may have in any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what is paid by Medicare, Presidential pays you \$70.00 a week for first 13 weeks, and a full \$100.00 weekly while hospitalized thereafter...for an additional 91 weeks if necessary! You can receive as much as \$10,010.00 for each new illness or injury when hospitalized!

Pays you \$100.00-a-week cash maternity benefits!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you get \$100.00 a week for every day of your confinement.

All these added cash benefits.

Added cash benefits: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. Nothing can replace such a loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefits: Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from ages one month through 18 years will be covered, too! Presidential pays up to \$6,240.00, at the rate of \$60.00 a week, when your youngster is hospitalized...for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$60.00 a week cash, week after week while the child is in the hospital, even for as many as 104 weeks!

We pay your premiums when you are not able.

If you—the person to whom the basic policy is issued—are hospitalized just 8 weeks or more, all premiums for you and all Covered Members that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 180 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for as long as 104 weeks—for the total confinement! This means you pay no premiums, yet your full protection remains in force—you collect a maximum of \$10,400.00 for the confinement!

These are the ONLY exclusions!

Your Presidential Policy covers every conceivable kind of sickness or accident except conditions caused by: war or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy...during the first 2 years only.

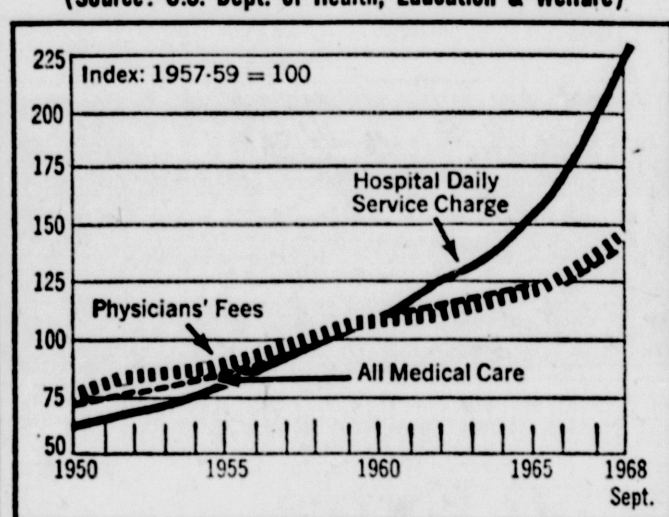

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered immediately! You are covered for care in the hospital of your choice, except, of course, a U.S. Government hospital or nursing or convalescent facility.

Why you must act before the date shown on your Enrollment Form—Just a few days from today.

Why do we give you so little time to apply for your insurance policy—only a few days? Because this is a special Enrollment

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

Govt. figures reveal your present health protection... may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$10,400.00 health protection for only 25¢ for the first month for entire family.

Period—and we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

We mail you the Policy as soon as we receive your Enrollment Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant, or doctor. Better still—show it to your own insurance man...even though he may very well be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

GRATEFUL POLICYOWNERS WRITE...

"Let me say the full payment as per the policy was most gratifying. There was doubt in our minds for some time especially where we started with only a first payment of 25¢, but that doubt now has been completely erased. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check."

LETHA SCHRECKENGAST, Cedar Rapids, Iowa

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends."

MRS. SYLVIA LEVIN, Los Angeles, California

Presidential Life rated "A+ Excellent"

Dunne's Insurance Report, the world's largest reporting service, gives Presidential a rating of A+ EXCELLENT. There is no higher rating a company can attain!

Money-Back Guarantee—in case you change your mind.

Even after you mail your Enrollment Form below...even after you examine the Policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the Policy within 15 days of the date you receive it, and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by \$100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be covered all this time for any accident or illness which puts you in the hospital, even if you finally decide to return the Policy.

However, after you've seen the Policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this \$100.00-A-WEEK extra cash protection.

HERE ARE YOUR LOW RATES—

The following rate chart shows how little it costs after the first month to cover yourself, your spouse, and any adult dependents. Naturally, at these low rates, we can issue only one policy of this type per person. Each adult—16 or over—pays (per person) the rate shown for his or her age.

Age at Enrollment	Monthly Premium Per Adult
16-44	only \$3.45
45-49	only \$3.95
50-54	only \$4.45
55-59	only \$4.95
60-69	only \$5.95
70-74	only \$6.95
75 and over	only \$8.95

Only \$2 more covers all your dependent, unmarried children...

from the ages of one month through 18 years. And then, if you wish, just add \$1 more to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular Monthly Premium shown here (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this Presidential plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

Act NOW—"Later" May Be TOO Late!
Just 25¢ covers your whole family for the first month.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

THESE 19 QUESTIONS AND ANSWERS

Tell us how Presidential's EXTRA CASH HOSPITAL PLAN gives you the protection you need—at amazingly low cost!

- 1. How much will my Policy pay me when I go to the hospital?**
\$100.00 per week—to the full maximum of \$10,400.00 cash. (If you're over 65, you collect to a maximum of \$10,010.00 cash benefits on top of any Medicare benefits. \$70.00 a week for first 13 weeks, and \$100.00 weekly while you remain continuously hospitalized afterwards, for a maximum of 91 additional weeks!) You collect cash not just for yourself, but for all covered members of your family when they are hospitalized!
- 2. When do I collect \$2,000.00 extra cash for accidents?**
We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if the loss occurs as long as 3 months after the accident.
- 3. What if I am hospitalized by the same illness—again?**
You still collect your \$100.00-a-week extra cash to the full maximum of \$10,400.00. You need only to have resumed full normal activities for just 180 days—then if you are hospitalized for the same illness you begin to collect all over again.
- 4. If I receive more money than my total medical bills—do I keep the "extra cash"?**
You certainly do! We always pay you the full \$100.00 a week—all the way to the maximum of \$10,400.00 cash. And even if your bills add up to just part of that amount, you still keep every dollar of the extra cash—tax-free! That's why this Policy's called an extra cash plan. It's perfectly possible under this plan for you to come out of the hospital with extra dollars you can use for bills, rent or anything else. And if you already have some health or hospital insurance—the better for you. Because we pay you anyway, on top of what they pay you! On top of Blue Cross, Major Medical, Workmen's Compensation, or whatever insurance policies you have with other companies!
- 5. Will you pay me \$100.00-a-week cash—even for pregnancy?**
Yes! Many health plans don't cover pregnancy. But we do, when Coverage for Children and Maternity Benefits are added to the basic plan. You collect maximum cash in benefits of \$10,400.00—for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)
- 6. Do you pay me cash even for my children, too? And...for my "future" children?**
You collect \$60.00-a-week cash anytime your child goes to the hospital, when Coverage for Children is added to basic plan. A maximum of \$6,240.00 each time any dependent, unmarried child (ages 1 month through 18 years old) is in the hospital for sickness or injury. And if you have a growing family—as soon as your newborn child's one month old, he too is covered—automatically—at no additional cost!
- 7. Are there times I might collect as much as \$20,800.00...as much as \$41,600.00?**
There are! Remember, we pay cash not just for you, but for every covered member of your family. So if you or your spouse are hospitalized more than once...or even both of you more than once...or if a child gets sick or has an accident—you could end up collecting \$20,800.00 or more! And that's not the whole story. Presidential gives policyowners an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your covered spouse are both in an accident and go to the hospital at the same time...Presidential pays you \$400.00-a-week! That's \$800.00 a week! The amount is paid for as long as both of you remain in the hospital. Even for as long as 104 weeks! You receive up to a maximum of \$41,600.00—to pay for doctor and hospital bills and other expenses resulting from one accident alone!
- 8. Can I spend my cash benefits any way I please?**
Yes! Spend the money any way you choose. Use it to pay your hospital, doctor and nursing bills. Use it to pay for rent, food, clothing. Or put it in the bank to replace any savings spent during your hospitalization. All cash checks direct to you (not to doctor or hospital unless you request it) so you alone decide how it is to be spent!
- 9. Must I pay taxes on the money you send me?**
Certainly NOT! Every dollar we send you is 100% tax-free.
- 10. Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?**
Yes, you are! All premiums that come due after you—the person to whom the basic Policy is issued—are in the hospital just 8 weeks or more...do not have to be paid by you. Yes, even if you are in for months, a year or longer! We pay all premiums for you, and for all covered members of your family, too, while you remain hospitalized. You aren't expected to pay us back either.
- 11. How can you give me so much—for so little?**
Because you buy your Policy directly from the company. You don't deal through middlemen. You eliminate costly processing charges and "red tape" that are included in the cost of most insurance. That's the reason why Presidential can provide you with exceptional high-savings health insurance protection, including a full month's coverage for your family for only 25¢!
- 12. How do I go about submitting a claim?**
We invite you to contact CASH BENEFITS HEADQUARTERS direct. Whether you want to submit a claim, or just ask us a question, don't hesitate to contact us. As a Presidential policyowner, you are entitled to prompt, courteous and direct attention at all times...and you will get it.
- 13. Because Presidential costs less...do I get less protection?**
Absolutely not. You get more! \$100.00 weekly cash payments for a maximum of 2 years for each hospital stay. And that goes for all covered members of your family. Yet all you pay to put this Policy in force for one month is...25¢. And if you want, continue this protection afterwards at the regular low Presidential rate! That's why we urge you—for your own satisfaction—compare these big cash benefits with any comparable policy issued by any other insurance company...anywhere. Naturally, at these low rates, we can issue only one policy of this type per person.
- 14. Now tell me what's the "catch"—what doesn't my Policy cover?**
Get ready for a welcome surprise. Your Policy covers everything except conditions caused by: war or act of war; mental disease or disorder; pregnancy except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your policy—but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered. You are covered for care in the hospital of your choice, except, of course, a U.S. Government hospital or nursing or convalescent facility.
- 15. Will you cancel my Policy if I make too many claims? Or because of age?**
No positively not! Only you can cancel. The company cannot—no matter how many claims you have...how old you get or for any other reason whatsoever. A GUARANTEED-RENEWABLE-FOR-LIFE clause has been written into your Policy!
- 16. If I'm hospitalized less than a week—do you still pay in full?**
Yes! We pay you every day you're in the hospital. There's no "waiting period" before you start collecting.
- 17. What are the requirements to enroll in this Extra Cash Hospital Plan?**
You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; and, to midnight of the date shown in the Enrollment Period, there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policy!
- 18. Besides saving money—are there any other advantages of joining Presidential during the Enrollment Period?**
Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Enrollment Form in the corner of this page. Also during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policy!
- 19. How do I enroll?**
Fill out the brief Enrollment Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

To the best of my knowledge and belief neither I nor any person listed above has been refused or had cancelled any health, hospital or life insurance coverage due to reasons of health. I hereby apply for the Extra Cash Hospital Plan. I understand that I, and any person listed above will be covered under this Policy for a recurrence of any injury or sickness I (we) had before the Effective Date of this Policy after two years from Effective Date, but not before, and that this Policy shall not be in force until the Effective Date shown in the Policy Schedule. I am enclosing \$2.25 for the first month's premium for coverage for myself and all other Family Members listed above.
